

CLASS 1

Building Product Information Sheet

Product name:

Evekare - 304 Stainless Steel Grab Rails

Product description and its intended use:

evekare manufactures a wide range of grab rails suitable for independent living and aged care applications. Grab rails can be installed horizontally, vertically, or diagonally. Grab rails can be installed in showers, next to toilets and basins, or other locations where extra support is desired. This range is fixed to the wall with screws and features cover plates to conceal the flanges for a neater appearance. Manufactured from grade 304 stainless steel, this range can support up to 250 kg. Finishes include polished stainless steel, knurled stainless steel, matte black.

evekare products are constructed using the highest quality materials and are subjected to comprehensive quality and safety testing, with warranty of up to 15 years.
